## FUNDRAZING OR FUNDRAISING? A Community Inquiry

by Susie Shepherd

Almost no one knows more about fundraising than the leather community. Vying for our 1992 AIDS dollars are the challenges of the New Industrial Strength Right Wing. Every time people like Jesse Helms open their mouths, we are as much at risk as we would be if we were to have unprotected sex. Like HIV infection, political problems generally don't become crises overnight. That makes America one scary place.

The trickle-down effect of twelve years of Reagan-Bushomics has catapulted America backwards through a time machine, eerily echoing Germany in the 1930s. The updated version of national economic and political unrest are manifested in public reaction to such situations as the S&L scandal and congressional check-bouncers. Every town and hamlet has sipped from this boiling pot of social change.

What does this have to do with leatherfolk everywhere? *Everything*: The Oregon Citizens Alliance (OCA) is a nationally-recognized hate group who has sponsored every anti-gay ballot measure in Oregon for the past six years. The OCA was featured alongside the Ku Klux Klan in a recent airing of *48 Hours*, discussing the rise in hate crimes and hate groups in America. In 1988, the OCA forced Oregon voters to repeal then Governor Goldschmidt's Executive Order banning job discrimination on the basis of sexual orientation in the State Executive Department.

The OCA's current ballot measure attempt proposes to amend the state constitution to label together homosexuality, sadism, masochism, AND pedophilia. They are combining consensual activity with a predatory disease! **This is the first attempt in American history to change a state constitution to actually legalize discrimination:** The

measure has three primary requirements, 1) The state cannot "recognize" phrases such as sexual orientation, 2) State and local governments cannot "promote, encourage, or facilitate" homosexuality, and 3) Public schools, colleges, and universities must teach that homosexuality is "abnormal, wrong, unnatural, and perverse" and should be "discouraged and avoided." In a nutshell, all gay-positive institutions would be banned, from Parents and Friends of Lesbians & Gays, to Lesbian-Gay Pride Day, to the National Leather Association. Our groups would not be allowed to meet in public places, because that would constitute our being "recognized" by the agency renting us the meeting room. Gay professionals could lose their licenses because the state no longer could recognize them. Gay teens no more would be referred to positive resources for counseling and peer support; instead, they would have to be told that they are "perverse, abnormal, and unnatural." Teenage suicides would skyrocket again.

"But Oregon is such a liberal state," you protest. *Oregon's liberal reputation is strictly limited to environmental issues*. Oregon was one of the last states to outlaw "sundown laws," requiring that a person of color be outside the city limits by sundown. Three years ago in Portland, racist skinheads beat an Ethiopian man to death; American Nazi leader Tom Metzger was found guilty of inciting that violence. One week ago, a similar attack left another black man hospitalized and, as of this writing, still fighting for his life.

The OCA promises that if they are successful, they will take this issue nationally. Washington State will probably be next, and then Idaho. Already, Concord, California, has suffered defeat of a similar nature; and Colorado is fighting a frighteningly parallel battle. Voters want

## CAUTION

Every decision a person makes, including the decision to get out of bed in the morning, has some degree of risk associated with it. We strongly believe that each competent adult must set for themselves the level of risk he or she is willing to accept. Some avoid crossing streets in heavy traffic—others stunt ride motorcycles without a helmet. However, to intelligently confront and accept risk, a person *must* understand the dangers. While *Drummer* hopes to educate its readers on a wide variety of topics, its main purpose is to entertain! Works of fiction presented in this magazine are just that—fiction! They are not in any way intended to suggest or describe activities that anyone should—or often could—actually do. They are meant for entertainment only. In other than fictional pieces, we will emphasize safe sex with respect to contagious diseases, and safe and sane behavior with respect to all activities, and will try to point out all activities which deviate from recognized safe-sex and safe-and-sane play activities. However, Desmodus, Inc., its officers and stockholders, the editors and staff of *Drummer*, columnists, authors, artists and other contributors to this publication and other organs of Desmodus, Inc., cannot be held responsible for accidents, injuries or other or improper application of information imparted or ideas generated by materials in *Drummer*, or from Desmodus, Inc. products.

a scapegoat for all their problems; the target of the 90s is "special rights for gays." That's their buzz word, "special." As usual, we must defend our position that there is nothing "special" about our having the same rights other citizens have. But bigots have big mouths, and love to point them in the direction of angry voters.

The OCA's prize tool is their 20-minute video. Largely lifted from the national right-wing film *The Truth About AIDS*. It features a recent San Francisco Gay Pride Parade and the 1987 March on Washington. Red subtitles flash, "This is what Gay Pride really means!" Especially intended to inflame voters, and interspersed with considerable NAMBLA footage, are excerpts of interviews about safe, sane, and consensual SM with OUR leaders, including Guy Baldwin, Barry Douglas, and P. J. and Red from the Knights of Leather, plus close-ups of Officer Bettie, Audrey Joseph, and the late Sashie Hyatt. We—my family and I—sat aghast recently as we viewed our friends in this context. The OCA is selling this video for \$10 each.

This leads back to fundraising. We all do our local AIDS fundraising, and contribute what we can to the larger AIDS and gay rights organizations. Two years ago, the BEAT JESSE! campaign was the first national leather fundraiser of a non-AIDS nature. Its goal was to benefit us all. We came together nationally against a man who wants us all dead. Our collective threat this year is OCA. It is funded by several well-padded, national, ultra-conservative groups. If they defeat us in Oregon, we will be raising funds nationally to fight this movement state-by-state every year for the foreseeable future. If we stop the OCA—*really stop them, not just squeeze by*—such a loss should slow their crusade.

So now, with a common goal that it is in the best interest of all of us to achieve, who are our biggest enemies? Still not the OCA, but ourselves. People are in our midst who would take money from their leather family to feed their own private interests, heedless of our future. Two national fundraisers come to mind. I call them fundraisers because they are demolishing what precious funds we have left. One is for someone who injured herself in a motorcycle accident last year. To date, over \$8,000.00 has been raised to help pay for her surgery. She seeks another \$12,000.00 for her physical therapy. Had this woman taken responsibility for her personal business herself, as all of us must do in the final analysis, she would have had insurance. She has defaulted her personal irresponsibility to a community whom she has served well, yes, but from whom she has received as

# MALE CALL

## FAT, AND VERY HAPPY

I read your article about slave depression after a session in *Drummer* 153 (possibly referring to mentions in two articles). I'm an exceptionally fat older Master who likes an exceptionally skinny younger Pain Slave. Needless to say, the ribs coiling back, the stomach becoming concave, the pained facial expression, a moan, and 'oh, it feels good' all turn me on more and more and more, but this time I wanted even more. I wanted the slave to know that I not only loved his skinny body, but that I also loved him for what he gave me. With my right hand, I opened his jaw and I stuck my tongue in his mouth, and not knowing whether it would end the session abruptly, I said, 'I love you.' Much to my surprise, the slave painfully, but meaningfully said 'I love you too,' and reached his head up for another kiss.

This was my first session ever to last more than a couple of hours, and afterward I took the slave out to dinner. He stayed the night, and I got the best back rub of my life, and fell asleep with my arms around his thin waist. When I rolled over during the night, he immediately crawled over my body and backed into me again. Even out of bondage, he was receptive to every move I made. It didn't matter if I gouged under his ribs, pinched his ass, or how hard I squeezed his little, girlish waist, he completely reacted to my needs and desires. A perfect little slave boy had become a slave boy-lover at least for the night, and a second six-hour session the following day.

Because I have heart problems, I can only 'work' five minutes, then I have to sit and rest for five. The kid was only 33 years old and very cute. I discussed the article in *Drummer* with him, and he said the following day that he wasn't depressed, but I haven't heard from him since.

Anyway, Minnesota is a remote area, and I sure want to thank everyone at *Drummer* for reaching out this far. I was very self-conscious about being so fat, but after having my rolls of fat licked, I feel much better about myself. You can't imagine. It's like having a big weight lifted off my shoulders to know that I'm not just a fat slob, but I'm a loving, caring person, even if I am a little kinky. I owe a lot to that

little boy who loved my rolls of fat and took so much pain, and I owe a lot to the hard-working, loyal people at *Drummer* because without you guys I wouldn't have had the experience in the first place.

If anyone wants to respond to my Male Call letter, I'm a GWM, 300#, 6'.

Although somehow just saying 'thank you *Drummer*' seems hardly enough, considering that my whole attitude has changed about myself. And, because of other articles in *Drummer* the actual sex was safe, so quite possibly I owe my life to *Drummer* also! Thank you, guys!

Mr. Jones

**Mr. Jones reminds me how important *Drummer* was to me, years before I came to work here. I earnestly hope we can continue to touch lives in this way, and I very much appreciate hearing that, at least in this case, we do. Letters to Mr. Jones should be sent to TC #155-15.**

## NOTES FROM T. BEAR

Just a short note to...

1) Male Call, re 'Making Contact or Not' in *Drummer* 151: Yes, Steve, letters sent to Desmodus for forwarding do get out. I have sent cash with all of mine. Some respond, some lack common courtesy.

2) To JWB. I intend to write a letter/article to you summarizing the over 600 responses to my ad (LF 7825). I felt putting my phone number in would indicate how serious I am, and how committed I am. Unfortunately, the norm is wrong names and phone numbers. I have become very adept at noticing when the calls turn into JO (which is not what I am advertising for).

3) Thanks for the article in 149 on Daddies and Their Boys. Exceptional!

4) Thanks for the article (Drummedia #151) on Hal Rainbow's leather dragons. He spent Thanksgiving with me, and he is quite a young man.

Finally, keep up the good work.

T. Bear, Salinas, CA

## DRUMMER STIRS ENGINEER

Recently, I learned a lesson I want to share with you and your readers. Leaving copies of *Drummer* lying around can

get a guy in trouble. (If you want to call it that.)

- On a recent Friday, I left work early and, when I entered my apartment, I was surprised to find the building engineer in my bedroom. He was there to change the filters in the heating/air conditioning units. I shouldn't have been surprised by his presence because the building management had notified us, but I had forgotten.

I'd left a stack of *Drummer* magazines on the table next to my bed. Ordinarily, I keep them in a drawer, out of sight. And here was the engineer, leafing through one of the copies!

Let me tell you about this guy: He's a tall, balding, black man in his mid-fifties, somewhat overweight, and not what I'd call attractive. Moreover, he's a gruff guy who building residents find a bit unpleasant to deal with. Whenever I had dealings with him, I was always unsettled by the rude, pre-emptory way he looked at me. His looks said, 'you can't say no to me, can you?' I tried to avoid him.

"So, this is the shit you're into?" he asked as I walked into the room. To make a long story short, I will tell you that I'm a totally submissive bottom who's always secretly known that damned near any man can get into my pants if he's assertive enough. (Plenty have tried. At 33, I'm still considered 'cute'.)

What I haven't said yet is that when I discovered the engineer in my bedroom, he was stroking his massive, uncut, fully erect penis. Barely 20 minutes later, I was tied up in his basement apartment where I spent the weekend, tormented, molested, ecstatic. (Safe and sane play only.) He told me, "Man, I always knew I could do anything I wanted with you! All I needed was a chance to whip out my dick and show it to you hard."

Thanks to *Drummer* for giving my engineer his chance. He's been "changing my filters" ever since.

A Grateful Reader

**Without asking how much fantasy and how much reality are found in the letter above—or any Male Call letter for that matter—once again, we're happy to be of service.—JWB**

## PRIVATE TO RON "SANTA"

Your little Brother in Leather, Spike, aka Ram, is not trying to avoid you. He has lost your business card and doesn't remember your last name. You met him at the Mr. Mid-Atlantic Leather contest, and he is very eager to be in touch with you. He says you know you can reach him via his *Drummer* TC #144-04.

# LEATHER NOTEBOOK

By Larry Townsend

Dear Larry,

I have been one of your loyal readers, fans, whatever, since you first started getting published (thereby making both of us older than either would care to admit, I'm sure). Be that as it may, I would like to ask why you are willing to ship materials to South Africa? I'm sure the apartheid-ruled society must be just as repressive for gay men as it is for non-whites. Don't you feel you are contributing to this repression, in the same manner—although on a smaller scale—as any other company that does business with that crummy country?

Concerned Gay Man, NYC

Dear C.G.M.,

In view of your stated long-term loyalty, I shall resist the temptation to label you in any derogatory terms. If you hadn't already displayed such superior taste and judgement, however, I'd say you were guilty of true dumb-thinky. Who the hell do you think is ordering from me in South Africa—De Klerk? Or maybe Botha? It certainly isn't the Johannesburg Public Library. I'm in communication with a small, select group of gay men, who would otherwise be completely out of touch with our community. I am certainly not contributing to the strength or welfare of the South African government. This is also an area of the globe where our gay brothers are in danger of being forced to wear the pink triangle. Should we refuse to communicate with them because their representative politicians repress them?

[Editor's note: The letter above and Mr. Townsend's response were written before the "landslide against apartheid" election in South Africa. It seems, though, that the real issue here is no less relevant today—and pretty impressively important for a lot of areas of the world, in fact.]

Dear Larry,

I am a serviceman, just returned from the Persian Gulf. During the course of my time there I received an award for

valor, and was in every way an exemplary soldier/sailor/marine/airman. (I won't say which, because it might serve to identify me.) I am gay, of course, and a loyal reader of your materials, as well as *Drummer*, etc. My question regards what you think about my coming out. I'm not interested in any real long-term service career, but I do want the various benefits that I have earned. And I'd like to enjoy them without any big hassle. On the other hand, I have done my duty as a man, and feel I have proved myself as such. I'd love to rub some of those pompous noses in it by openly admitting that I'm gay. My question(s): Do you think I should do it? If I do "out" myself, will I lose my benefits? Could I get into any serious legal problems, like being imprisoned for lying on my application forms? (I didn't admit I was gay when I enlisted.)

Serviceman, East Coast

Dear Serviceman,

I know how you feel, and I can certainly respect your desire to rub some noses in the crud of their own hypocrisy. If you really want to do it, I'd suggest that you drop by the nearest office of the A. C. L. U., and see if they'll let you talk to one of their lawyers. Although there isn't much chance of the government's tossing you into the brig any more, they might give you trouble getting an honorable discharge, and this would directly affect your eligibility for benefits. If you wait until you're out of the service, you'll preserve the benefit rights, but you will also have lost the impact of a serviceman seeking his rights as a gay man. Before I stuck my neck out, I'd definitely talk to a lawyer, and preferably a civil rights lawyer, who will know what he's (she's) doing in advising you. If you want to take a public stand, more power to you. Just make sure you know what you're getting into before you commit yourself.

Dear Larry,

I just finished reading your latest *Handbook*, which I enjoyed and all that. But I can't help but wonder why you, and *Drummer* and *DungeonMaster*, and a lot of others go through such elaborate descriptions of how to clean SM equipment, dildoes, douche tubes, etc., when the AIDS virus can't live for more than a few hours outside the warmth of the human body. Maybe you've answered this before, but if you have I missed the issue.

John Curious, Portland, OR

Dear Curious,

Yes, I have commented on this before—several times. It's a matter of being safe rather than sorry. The cleaning process is not much work, nor is it very complicated. It's done quickly and, once done, I think it makes most of us feel more comfortable using (re-using) the equipment. And the concern isn't only for HIV. You are also protecting yourself from any number of other microorganisms. Good hygiene isn't just a recent innovation.

If you would like to have Larry Townsend address a particular problem or issue, you can write him c/o Leather Notebook, Drummer, PO Box 410390, San Francisco, CA 94141-0390

# ROUGH STUFF

## A NEW VOICE ON VERBAL SCENES RESPONSE TO COLUMNS IN DRUMMER '149 & 150

*Editor's Note: The subject of "verbal abuse" was introduced in Drummer 149 by Race Bannon. I followed that with my own article on "tongue lashing." In #153, some readers responded on the subject, and now, we're hearing from one more reader, one whose point of view is quite different, and very interesting. —JWB*

In Drummer 150, you requested our thoughts and feelings on word play in SM.

I was first introduced to bondage and SM about 15 years ago when I established a relationship with my first leather Master. I have had five Masters over that period of time as I have expanded my experience into leather, bondage, SM, humiliation, servitude, and verbal abuse.

At first I was turned on by the looks, feel, and smell of black leather on the man who was to become my Master. It intoxicated me. I learned to kneel naked before my Master as I cleaned his boots, rubbed my face in his leather crotch, sucked his dick, and whatever else he wanted me to do. I also learned how sexual it was to be bound and gagged as I had my ass whipped, tits tortured, cock and balls bound and weighted down, or my hole fucked. He also trained me to enjoy taking his piss. At times my Master would stand over me and just piss all over me. Other times I would kneel before him as he emptied his bladder into my gullet.

I get excited just thinking about all the things leathermen do together, but one thing that makes it even more exciting and hot is the verbal dialogue that takes place between a Master and his slave. There are mental images that form as your Master calls you his piss slave while he is pissing into your mouth and you are tasting his urine and smelling its pungent smell. When I am sucking my Master's cock, or he is fucking my face, and calling me a fuck'n cocksucker, I know he is right. I am his shit face or ass wipe as he sits over my face and I rim his shit chute and smell his hole. I am his dog when he puts his collar around my neck, and leads me around by his leash. My Master also likes for me to tell him what I am, and have me verbally abuse myself. Words can be very powerful in taking me deeper into a scene and raising me to higher elevations of erotic excitement.

My Master isn't telling me anything I don't know. Words only add power to the physical things we do together. I have been trained to be a piss slave and an ass

wipe for my Master. I have loved sucking cock since the first hard dick touched my lips. My Master is only verbalizing what I already know, and it enhances his power over me. He really understands who I am and what I am. It really turns me on to feel a Master's strength, power, and control. It makes me want to serve him because I know that he is in control of me and my desires.

I am very a strong-willed person. I like myself. I have an awareness of who I am, and I am happy with what I am. I accept myself as I am. I am comfortable in seeking out Leather Masters to dominate me, to use and abuse me, to humiliate me and degrade me, to verbally abuse me. The reason I am comfortable with this is the way all of these things turn me on and excite me sexually.

I am a professional who strives to excel in his work. In my job, I must be aggressive and decisive in all that I do. I am tall and very masculine in appearance. When it comes to sexual expression, I would much rather be dominated than dominate. I have determined that is exactly where I want to be, and it is the kind of sexual expression I seek out.

Words help to create the mental image of servitude I seek. They let me know that I have given control of myself over to my Master. My Master is in control of the scene as it unfolds and takes shape. Words add to the mental imagery that is being created in the scene, and help to make it all come to life. Just getting off physically, without getting off mentally, seems so empty and void—with no life in it.

Verbal abuse helps to release me from the bonds of my self-imposed daily structure and my disciplined lifestyle, allowing me, for a time, to be under a Master's structure and discipline, as he directs my sexual expression. It becomes, at that time, the reality of where I want to be—the reality of my sexuality. As you said in your article, Mr. Bean, "do what gets you up, what gets you off, and what leaves you high." Bondage, SM, servitude, humiliation, and verbal abuse do it for me!

CEC's picture of himself.

When we are not in this particular head space, I enjoy hugs and affection from my Master, which shows me that he cares. This is needed so that we can continue to build the trust that allows us to go deeper into our experience together. I submit myself to my Master because I need to. My Master dominates me because he needs to. We are fulfilling each other's needs.

Gay friends who don't know me well are surprised when they see me in my leather gear for the first time. It is out of character for me. They are further shocked when I tell them how much I like to be dominated.

Again, I am comfortable with who I am. Verbal abuse adds to the leather/SM/bondage scene for me. It allows me to release myself totally into my Master's hands. For me it is not dangerous because I put myself into the hands of my Master, and I can trust him to take care of his property. We set limits and push to the edge of those limits to expand them. I know when we start that we are on a mind trip and that, on any trip, there is always a way back.

—CEC, No. Calif.

PS: I like the picture with your article, you standing over your boy, scott. I would love to be the one kneeling in his place with your face in mine as you tell me what I am and what you expect of your fuck'n slave. I am not a boy, but I like kneeling before a hot Top/Master with his collar around my neck, with him verbally abusing me while he is using me as only a bondage Leathermaster knows how. I would let you abuse me any time you want.

TO CEC: Carl, your thinking now has me thinking, seriously. It will cause some adjustment in my idea of VA, but nothing radical, I'm sure. As for your PS, I can only say "thank you," and pass your remarks along to scott.

*[This story is dedicated to the hot men who inspired it. Each of them, in spite of this being a composite, will undoubtedly recognize bits and pieces of himself in what follows.]*

I don't usually go to bars, particularly not leather bars, but I didn't want to say "no" when you suggested meeting here during our chat on the bbs. Your bio alone gave me a roaring hard on; and when we finally connected, our conversation left no doubt in my mind that I wanted to meet you, experience you, have you take control of my body and, once you render it helpless and vulnerable, of my mind. So here I am, self-conscious, feeling conspicuous in my ordinary street clothes in this place—a tee-shirt, blue jeans and Nike's (I don't even own a pair of boots), waiting for someone meeting your description to walk in, recognize me, establish contact, help me feel less out of place.

Half a dozen "possibles" have filtered in, none of them exactly matching your description of yourself, none of them obviously checking the room to see if his "assignation" was already there, some of them connecting with others barely visible in the half-light. Then I see you, before your eyes have adjusted to be able to see me, and it's unmistakably the man I've been looking for, hoping for, fantasizing about: 5'11" of solid muscle, what I can see of your body under the motorcycle jacket covering the thin tanktop. Handsome features, a thick, well trimmed moustache, a stunning bulge in the front of the well-worn Levis, visible just above where the jeans disappear into leather chaps. Your eyes penetrate, even in this meager light, and emanate a piercing look of commanding authority which lets me know I've made the right decision in coming here. The whole aura reeks of authority and power, and a self-assurance in how to use them to the maximum advantage.

You check out the bar, acknowledging a few greetings from the regulars and the bartender, still trying to pick out the one unfamiliar face you're searching for. Our eyes meet, briefly, and you stop searching and start checking me out from head to toe. I'm clean shaven, with close-cropped dark brown hair, boyishly good looking. I do my damnedest at the gym 4 times a week to fill out this tee-shirt as attractively as possible, and it looks as if you appreciate the results. You make a hand motion, a twirling around motion, and I turn around so you can check out the back side, where the jeans closely hug my buns, tight and well molded from tens of thousands of squats and leg curls, all of which seem more purposeful now that you're inspecting the end product.

The next thing I know, you're standing close behind me, whispering in my ear, "You pass physical inspection, boy. Now, let's see how you are at following orders. Turn around, get on your knees, and kiss your Master's boots."

No one ever spoke to me like that before, and never did I think I'd do such a thing, certainly not in a public place like this bar! But I'm instantly hooked on the power in that voice, the magic of submitting to it, the promise of pleasure/pain to come, and without hesitation, I turn and am pressing my lips to leather.

"If you don't want to be my toy for tonight, just get up and leave quietly," you say, "otherwise, we'll play this out, my way, my rules, until I've decided I've gotten enough." Not a chance of my leaving now, I'm totally intoxicated with the combination of your voice, your looks, the smell of the boots, the knowledge of 50 pairs of eyes on me, the fulfillment of years of fantasies. I stay put. You slip a collar around my neck and buckle it, clip on a leash, give it a tug, and say, "On your feet, boy. We're going to my

playroom."

I follow in my car, get out and enter the house. You lead me out

back to the converted garage. Strangely, it looks like a garage, with garden tools on the walls—where is all the sexual paraphernalia? I don't have much time to wonder; you're telling me I have 30 seconds to lose every stitch of clothing I've got on, or there will be a penalty to pay, starting NOW. I rush to strip, thankful I chose loose fitting clothing to wear, even though skin-tight clothes would show off my well worked out muscles better (for the brief period of time I would be

allowed to keep the clothes on). I'm done in 25 seconds, and don't get to find out what would have happened if I were too slow. Maybe that will be something for another visit.

You put a blindfold over my head, covering my eyes, blocking all light. Then you demand I extend my right arm in front of me, and I feel a leather restraint being buckled on.

Then my left arm, then each leg. You order me to get on all fours, then grab my hair and pull me forward several feet. I realize we've passed through a low doorway that was previously concealed, and must now be in the dungeon, with who knows what on the walls—but not garden tools. You pull me a little to the right, tell

me to stand up, which I do, quickly, and you raise each arm and attach clips to the restraints which are in turn attached to a rope and, by eye hooks, secured to a beam overhead. The leg restraints get tied in place to rings in the floor, so I'm standing spread-eagled, my body an open invitation for abuse.

You decide to let me see what's happening, and remove the blindfold. I'm looking into a mirror, reflecting the room—virtually every square inch of wall space covered by some sexual device—restraints, leather garments, dildos, things whose functions I can't even guess—candles everywhere—and in the middle, a leather covered table with posts extending to the ceiling, ready to be used as a sling or bed as needed. I look into the mirror and see my own naked, stretched body, with you standing behind me, your arms around my chest, taking firm grip of my hardening nipples. I'm anxious, not knowing where this will lead, but my cock pays no attention to that, and responds only to your nails biting into my flesh, and it stands up stiff and proud.

"Now, boy, here are some things you should know," you say. "There are two ways to proceed here, my way or not at all. My job is to provide stimulation; your job is to eroticize whatever I'm doing." And without further ado, my cock twitching and still rock hard, we begin.

I hear you rummaging through a pile of toys and devices behind me. You move around in front, wearing a pair of driving gloves—their leather covering only your palms, the backs of your hands bare, fingers free. You raise a palm and rub it over my skin—unseen, but distinctly felt, there are pointed metal protrusions, tearing at my skin, the pressure not so great as to break the skin, but enough to feel the sharpness. You pass the glove over my nipples, and the intensity of the sensation makes my whole body spasm. You rub my armpits, my chest, my thighs, then back up and onto my balls, then up my cock and finally, the tip of the cock. Little pin pricks everywhere, mini-knives flickering over my most sensitive places—and it drives me wild, into a writhing state of moaning pleasure, indistinguishable from pain. You look

pleased, and pull back your hands, removing the gloves. I guess that was sort of a preliminary.

You untie a single leather thong that has been dangling from your belt, double it over, and ZAP you whip me once, hard, across the ass, and I jump in startled reaction. ZAP again, a sharp, stinging sensation, then

more—and more rapidly—until you are whipping the thong in a swift circle, letting it get close enough to hit me every third revolution, then every second, then every one, the sting getting hotter, harder, sharper until it crosses the line between wonderful, erotic stimulation and becomes pain beyond tolerance. I cry out, and after

keeping going long enough to let me know that you're still exploring my pleasure points and limits and that you will make your own decisions as to when to let up, you stop. You disconnect the wrist restraints from the overhead ropes, and clip them together behind my back.

"Kneel," you order me, and of

course I do. You step in front of me, your pants unzipped and down to your knees, your stiff dick, thick, long and completely aroused, pointing right at my face. "Lick the shaft, don't touch the head." My tongue most willingly complies, sliding up and down the base and sides of your cock, gratified that whipping me got you so

turned on, feeling the spasms of pleasure you get from my tonguing you, finding myself even more turned on. "That's right, boy, get it all slick. Now lick the head, but don't take it in your mouth." My tongue slides up the shaft to the huge mushroom head on

top, and begins licking it all over, getting ready for what I fervently hope will be the next step, taking that glorious meat down my eager throat. But not yet. "Now lick my balls, boy" So down the shaft to the base, and into the jungle of hair and the big, juicy balls underneath, my tongue slicks up your balls, I pull first one then the other, then both into my mouth, carefully pulling, licking, hoping it's the way you want it, figuring I'm doing it right from the contented sighs coming from your mouth. "OK, boy, that's enough, now take my cock in you mouth and suck it." Oh, thank you, sir! I gulp down most of it in one motion, then while my head moves up and down in a gentle rhythm, I move my tongue to slick up the base to be able to slide down further, to take more into the back of my throat, to get down to where my lips meet your groin and balls, and that entire delicious, throbbing cock of yours is entirely in my mouth; my throat and tongue massaging it lovingly, giving it as much pleasure as I possibly can. You grab my hair and hold my head steady and start slowly to fuck my face, gradually picking up speed, taking care not to make me gag, but firmly, insistently forcing that incredible hunk of meat into my mouth, down my throat, all the way in and then back out to the tip, adding an occasional slap on my cheek for a little spice. I can sense you getting close to the edge, nearly cumming, and then suddenly, you slow down, just holding your cock in my mouth. "Don't move—I don't want to shoot it yet." You calm down, take your still hard dick out, pull up your pants and zip them up again. "Stand up," you command, and I do.

You look at me, obviously contemplating what to do next. You move back to your storehouse of toys and return with a heavy, studded leather collar, and you use it to replace the lighter one around my neck. Then you tell me to hold my arms behind me, extended away from my body. When I do you place a long metal rod behind my back, beneath my arms, and tell me to catch it in the crooks of my elbows and move my hands forward. You chain the wrist restraints together tightly in front of me, and now my arms are immobi-

lized around the bar which is snug against my back. Then you attach chains between the ends of the bar and the collar, and tie them to the overhead rope, pulling the bar up, pushing my chest out and extending my legs. You come around in front of me and attach a set of clamps on my hungry tits, sending sparks of sensation directly to my still throbbing cock. The chain hanging between the clamps is long enough to string under my cock and balls, but doing so pulls the clamps down, stretching my nipples towards the floor. I check myself out in the mirror and admire your handiwork. All those hours at the gym have been worth it, I think, as I see my tightly muscled body bound for service. Next time, I think, I'll have to bring a camera.

You select a riding crop and start applying it to my back and ass. At first it is just a light, light tapping, barely perceptible. Slowly at first, then more rapidly, you increase the force with each blow, building it up steadily. From barely perceptible to noticeable to feeling really good to hitting with that unbelievably spectacular zing that drives me into a near-trance, the closest thing I've ever felt to a truly religious experience of ecstasy. I remember your words about eroticizing the experience, and I know that what's happening is every bit as intense and pleasurable as an orgasm, and my body is letting you know it with its movements, turning to take the blows, my breath responding to the pounding on my flesh, moans escaping my lips, eyes glassed over, my essence having left the planet to soar into some indefinable space and time. I could live here forever, but your force continues to increase, and we pass that magic line between ecstasy and overwhelm, and suddenly again I am snapped back into the reality of having discovered exactly where my tolerance limit is. You've already learned to recognize the signs, the differences in the sounds I make and the way my body moves, and you lighten the touch, then slow the pace, then stop. Then you pull out your leather cat, and we start the same process anew, a gentle tapping, that soon starts to get harder, harder, harder, and then I'm travelling in space again, the cat slicing blows across my back,

sending insistent tingles throughout my body. They reverberate in my bound nipples, through my cock, very nearly making me shoot my load without even touching myself.

We repeat this several times, with different implements: some sort of a switch, hard but flexible, and very stingy; a wooden paddle, mostly used on my ass, with occasional digressions to my back; a plastic device that reminds me of a ruler from high school; and finally a single-tail whip. Each applied with the same escalating pattern of force, taking me from my short rests between devices through total range of my pleasure, and briefly into intense discomfort, my limits charted, measured and pushed, my reactions tested and learned, perfecting us into an incredible pleasure/pain machine. At last you determine this phase has gone far enough, and stop. We are both exhausted, but utterly exhilarated. You release my body from the bar, untie my legs from the floor ropes, and take the clips off my tits, causing an incredibly intense, sharp pain as the blood begins to flow again. You stand behind me and reach around, grabbing my tenderized tits, and start to squeeze and twist them. The sensations on my back and ass, the tapes in my mind of what I just saw in the mirror, the look on your face in the mirror right now, and most of all, your fingers raping my nipples, pulling them out from my chest, twisting them, your nails biting into them—it's all too much, it sends me over the edge. I can't help myself. My untouched cock lets loose a torrent and spurts load after load of hot white juice all over the mirror.

I must have sort of passed out after that. In my next moment of consciousness, I'm on the table, on my back, my arms no longer attached to each other, but the restraints still in place for the next phase. "You OK, boy?" you ask. I take a quick inventory: the blood is flowing back into my brain, my nipples are screaming with joy, my skin has a delicious tingle all over, my memories go back to the whipping I just got and my dick starts getting hard again. "I'm fine, sir," I reply.

"Good, boy. Now stretch your arms overhead," I do, and you attach each wrist to a post, so I'm essentially

spread-eagled on my back. "You have a nice body, boy, but all that hair gets in the way." You pull out a can of shaving cream, a bowl of water and a razor, and next thing I know, there's a layer of foam from my neck to my crotch. I pray you don't nick me too badly. I detest shaving my face, but my beard is too scraggly ever to look decent, so shave. I am pleased to see—and feel—the razor remove patch after patch with no telltale red spots. The sensation on my balls as you slide the razor over them, clearing an unobstructed view of them for the first time in years, is a major turn on, and my cock, already slick with shaving cream, grows hard easily in your hand. You raise my legs and clip the ankle restraints to the other posts, exposing my ass, which you then proceed to shave

clean. When you're done, you let me look at myself in the mirror—20 years just disappeared, and I look like the boy you have been calling me—though no pre-pubescent has the defined muscles I'm looking at. I feel even more naked and vulnerable, and horny.

"That looks good, boy. Now get on your knees and rest your chest on that stool." I turn around as directed,

kneel down and see in front of me a low stool, only a foot or so off the ground, and lower myself on to it. The position results in my ass sticking up in the air, newly-shaved crack exposed. You move in front of me and attach the wrist restraints to eye hooks in the floor-level molding. You rummage again through that pile of sensual miracles, and then I hear the sound of tape ripping, and I feel something being taped into my sphincter, and again another rip of tape and another of the same whatever it is being taped to the underside of my scrotum. Another few moments, some further indistinguishable sounds, and then I feel it: a soft, buzzing, like a vibrating dildo set at a

very low speed, and the pleasure from it is very positive, if not yet intense. Electrodes! You've taped electrodes to my ass and balls to send current through. It is a very low level at first, but after each wave of current, you reset something at a higher level, and send me another jolt of it. Each wave sends me more into ecstasy than the last, and the familiar moans of pleasure return as the intensity increases. The soft buzzing becomes strong pulsing, my ass muscles relaxing from the sensation and begging for penetration, but that's not going to be—not now. The sensations, utterly foreign, sweep me up once again into that glassy-eyed trance state of disembodied pleasure. My ass is moving suggestively in response, begging for more, exultant in its electrified invasion, and *once again* my cock is throbbing steel. Incredible!

You decide I've had enough of this, and turn off the machine, untape the electrodes (I'm so glad there's no hair there anymore!), and unclip my wrists from the wall. "Come over here and sit down," you say, handing me a jar of lubricant. I look at the chair you are pointing to and see a dildo taped to it, sticking straight up. I lube the dildo and my electrically relaxed asshole, and sit down, taking the full length of the dildo into my ass. Ahhh, that desire for penetration has been fulfilled, and I squirm around on it, move a little up and down, fucking myself gently, savoring the feel of it, getting hard again, of course. Meanwhile, you've pulled my arms behind the back of the chair and tied them together and to the chair. My ankle restraints are clipped to ropes which you tie tightly, pulling my feet apart. There are more ropes. You tie them around my knees so they pull my knees apart, putting my newly exposed genitalia center stage, undefendable, and in a state of acute arousal. Now I see the little current-making machine. It has a few dials, places to plug in tiny cables that run to the electrodes. You plug the other end of the electrodes into a device that has a copper bar wrapped in a tube of foam that closes around a tubular shaped object and is held together with velcro. You open it, place it snugly around my cock, and

close it tightly around my hard dick. If this feels as good as the current did in my ass, I'll probably shoot another load on the spot. For good measure, to extend the stimulation and vary the sensations, I guess, you bring back those wonderful tit clamps, attach them to my still-sore nipples, and hang a weight from the chain between them. Then, as I closely watch what you are doing, you surprise me by pulling a hood over my head, blocking my sight, freeing my mind from the visual distractions so I can concentrate on the controlled sensations that are coming. Oh, this is going to be good, very good!

I'm not wrong. The first dose of electricity is again mild, vibrational, stimulating, like someone sucking on my dick and humming at the same time. But no one's humming. I'm the only one making any noise, and it's atonal but clearly a song of pleasure. You leave the current running for 30 seconds or so, then off, then on again, but stronger. Each time the strength increases, my sounds and writhings increase too. My cock is having the most incredibly wonderful things done to it, the dildo is fucking me, the clamps are pulling on my hot nipples. This is without a doubt heaven on earth. I'm off somewhere *in between* again, a swirling mass of sensations, existing out of place and time, the pleasure center of the universe. It's a miracle that I don't shoot another load. I have no idea how long this goes on, but wave after wave of ever-increasing intensity shoots through me, and I have no control over my progressively animalistic and guttural reactions. After some undefined period of time, I become gradually aware that you've stopped, and I slowly regain a sense of time and place, as you detach me from the various ropes and disconnect the clamps. Leaving the hood on, you urge me to stand up. With the greatest of reluctance, I get to my feet.

You move me around and I can feel the edge of the table against my back. "Get up on that table, on your back, boy," you command. I lift myself onto it, leaning back, my arms instinctively going towards one set of the posts, knowing you will want to attach them there. You do. My legs hang over the table end, bent down-

ward at the knee, and you attach the ankle restraints to the floor. My back and ass still tingle as they feel the leather covering of the table, and I remember the series of beatings they took, and feel my dick hardening again. What now? No need to ask. My body is once again—no, *still*-ready to be used at your will.

The tapping technique again, it seems, starting with light taps of your hand on my stiff prick, feeling almost like caresses. Then slowly harder, turning taps to hits to swats, a stiff but resilient target being batted from side to side, popping back up for the next swing of your hand, as I realize you will increase the force to the point where this will really hurt, where my vulnerable cock will feel more pain than it wants, where your testing of my limits will lead you to the certainty that I am not holding back, that I am not pretending to be overwhelmed, that you've really found my breaking point and memorized it. But we're not yet there—it still feels good, strong, aggressive, a hot man taking absolute control of my most private part, each hard SLAP driving me crazy with intense pleasure which is heightened by my being unable to see, unable to anticipate the moment of the next blow. "Good slaveboy," you exclaim, as I take this (longer than you thought I could?). It's so fucking hot, if you kept it up right at that level, I'd shoot another hot load in about 30 seconds! But the level of the beating increases and, just as I'm on the verge of cumming, we pass over that line again, and it's back from space, back to reality, back to feeling pain, back to knowing you have a slightly cruel streak that wants to see me this way, whimpering now, begging you to lighten up or stop. You must be a little over the edge yourself, your reaction time seems a little slower, your coming down from this action high is a little more reluctant. You must really get off on doing that, and hate to stop.

Some deep breathing for both of us, as we recover from that phase—I can't see you but I sense you have a raging hardon and I imagine you were playing with yourself with one hand while swatting my cock with the other, and that you nearly shot your load all over me. We come down enough to start again. A new, very

different sensation begins. It feels like a little metallic brush, and you are rubbing it gently on my right nipple. The sensation sends jolts of internal electricity through me, my chest thrusting up into the brush, my pelvis jerking, cock throbbing. You've touched my most erotic place, and the response is instant, strong, and I sincerely hope, shows a craving for you to keep on doing it! The pressure increases, the intensity builds, and my moaning could probably be heard in Baghdad if we weren't in a sound-proofed room. You move to my left tit, and I go crazy again, moving as much as my restraints allow in pure pleasure, sounds from someplace deep within me making their way out my throat demonstrating how much this is turning me on. You move back to the right one, and drive me to a point of utter ecstasy, making it hard to even catch my breath, sending me once again off the planet. Slowly, it dawns on me that the pressure is decreasing, the rate of brushing is slowing, and you are bringing this phase to an end. I don't know how much longer I could have stood it, but I sure would have liked to have found out!

You don't give me an opportunity to reflect. It seems we're going to do another round of tapping with various devices, this time on my chest. The crop seems to come out first, and when the tapping becomes serious flicking with a real sting, I get right back into it, writhing and moaning as usual. But it's different on my chest than it was on my back: every few flicks, there are direct hits on my nipples, which are incredibly tender. Each time you zap a nipple, my body jumps off the table, the sharpness of the pain causing instantaneous spasms everywhere, my entire body entranced by the intense stimulation of that tiny little button of flesh. When you hit my chest, my pecs contract and flex, putting on a show I hope you are enjoying, making my workouts worthwhile. You take an occasional side excursion to my arms, and also my exposed cock, already tender from your hand slapping. My ability to anticipate is totally undone by the hood, my ability to react intensified and concentrated by being able to isolate the blow in my mind as the

only thing I'm aware of. You know by now how I'll react, how I'll give you a greater reaction as you increase the force, how you can tune me and play me like a virtuoso instrumentalist, getting just the sound and tone you want, until you decide to push me over the edge as a prelude to moving on to the next device. I don't disap-

point, and, my god, you know how to play me! My skin all deeply reddened by your cat, your crop, your switch, your whatever, you put the devices away, unhook my ankles from the posts and raise my legs in the air, hooking the ankle restraints to posts above, opening my ass conveniently at the level of your cock. You remove the hood, and after a few seconds of recovering from how bright the light of a 50-watt bulb can be, I take in the scene—you are standing between my legs, wearing your chaps and a leather vest, your body a picture of masculinity and power, your cock free from any restraints, standing huge and firm, and covered with a condom. You once again attach a set of clamps to my thoroughly tenderized tits, with a long chain between them, which you lift and put in your mouth, leaning your head back to pull on my aching tits. It's an incredible turn on and I of course get all the harder for it. You

rub some more lubricant on my ass, and over your cock, and drive home in one solid, powerful thrust, burying your big meat deep within me. A combination gasp, roar and moan rumbles up from deep in my belly, reflecting both the pain of the entry and the pleasure of having you there . . . the heat of your "raping" me tied to your sling/table, your pelvic thrusts, bringing your head swinging back and forth, jerking the clamps, making my entire body feel the fucking at maximum intensity. You pick up the pace, pulling nearly out and plowing back in to maximum depth each time, loosening up my sphincter, filling me up, massaging my prostate, making my rear end feel fantastic, as I take your pounding cock time and again. You slow briefly, reach over and unhook my right arm, and take off the wrist restraint. Then you rub a little of the lubricant on my wildly stiff cock. "Go ahead, get yourself off," you say, and we find a rhythm, your cock thrusting away in my ass, your head pulling the tit clamp chain, my tits exploding, and me pounding away on myself, and it builds, builds at a faster and faster pace, my mind flooded with the look of your incredibly hot bod fucking me, the sensations on my tits and in my ass, the memories of the past few hours, the tingle all over my skin, and I feel the orgasm rising, beginning, feel you sensing it and beginning yours, pulling out just in time, and in one glorious moment of total fulfillment, we both erupt and shoot our loads, my going all over my stomach and chest, the sheer volume of hot white juice shocking us both, as it spills over the sides of my body and drips onto the sling and the floor, yours dripping down your cock and out the bottom of the condom before you pull it off and toss it into the pool on my chest. We both pump ourselves dry, and then you lie down on me, the semen making our chests slick as you rub against me, the clamps having their final fling in torturing my tits. We lie like that for several minutes, before you take off the clamps, unhook me, and let me clean up.

I've done a lot of hard things in my life, but this is the hardest: Waiting until I can come back here for a return visit.

# ATTITUDE!

This much fuckin' Latino attitude oughtta be illegal... and maybe it is! Meet Jose Del Norte, but don't expect him to say "the pleasure is mine," or any other mother-fuckin' Yankeeething.

The pictures are from Palm Drive Video's *Illegal Alien Blues*, filmed in the barrios of East L.A. In the tape, Del Norte takes on a North American "john," but the action is definitely about Jose's beautiful body, his perfect jerking off, him... him... him!

*Illegal Alien Blues* is one half of a PDV double-feature tape, with *Dick Day Afternoon* making up the rest of the 65 minute total. The tape is \$49.95, and you can get your copy from Desmodus by using the order form on the inside back cover. Yes, you'll have to enclose a note or write in the title of this tape, but you can handle that can't you. (Shit, just lookin' at these pictures is giving me an attitude problem!) For more PDV choices, see the ad on page 73.

## A Question of Empowerment

by Alan Chiras

First, a story from anyone's life, even yours: You arrive in a city that you have never visited before for a one-week business trip. You have been looking forward to this trip. Being a fresh face in town has always been to your advantage in the bar scene. As you unpack your clothes in your hotel room, thoughts about your luck in your home leather bar enter your mind. Those nights have not been good lately. It's been over two months since you have been involved in a scene, and that 'thing' you had to take home was the most boring man you had been with this year. You look in the bathroom mirror, and you don't like what you see. *Dye my hair? Plastic surgery? Try wearing contacts instead of glasses? More hours at the gym? A different haircut?* You just don't know.

You realize that, at least for tonight, what you see is what they get—if they want it. Driving to the leather bar, you remember all your pick-up lines, marking off the ones that don't work, rethinking the ones that have done you well in the past. You think again of how to make a pass at someone . . . how to approach a man . . . even how to stand at the bar. All taken into account. You're as ready as you'll ever be.

You finally arrive at the leather bar, and you're pleased with what you see. About a dozen bikes—mostly Harleys—are parked outside with a couple of boys watching over them. The gay and leather pride flags are flying over the door. When you walk through the door, you notice the Leather Only dress code with the added No Underwear Allowed.

After some questioning, the doorman explains that after they rip 100 pairs of underwear off little boys' butts, they donate \$100.00 to a local AIDS agency. *AIDS. Why haven't they found a cure yet?* You bury the thought the thought in the back of your head.

The bar is set up in a circular format that makes for easier cruising than a corridor style room permits. Lots of red light to hide your wrinkles, but good and dark otherwise. The music and the people . . . even the drink prices seem reasonable. And all the men seem to be looking at you. *I think I'm going to love this place* flashes through your mind.

You're in luck! Someone actually approaches you, and he doesn't look half bad. The conversation quickly enters the 'what're you into' stage, and you find compatibility.

You follow him in your rental car to a secluded place outside of town. It's in the woods, with no other houses in sight. Perfect. As he gets out of his big, black truck, you anticipate what is to come.

The two of you sit in his living room making small talk over a couple of drinks (or was that four drinks?). You feel warm and mellow, agreeable to anything. Without a word, he escorts you downstairs to his well-equipped play space.

You noticed that he didn't use a condom. You are riding through the pain, wondering if you should ask him to use a condom. *Possibly, he will pull out before he cums. Possibly, he will cause a stink if I ask him to use one. He might throw me out. Besides, he's probably not infected. With a body like that, he couldn't be. He did say that he was an exclusive Top.* You lie back, and block it out of your mind.

How you feel about yourself can have a direct effect on your personal outlook on AIDS and safe sex issues. Working to empower high-risk communities should be a top priority for AIDS service organizations. This is the reason issues such as gay rights, domestic partnership legislation, and repeal of sodomy laws are important factors in the prevention of HIV infection in our community.

Take as an example the person in our story. If this leatherman had more self-confidence, it would have improved the chances of his insisting on safe sex. Talking about safe sex—mentioning the use of condoms—in advance of the scene would have been a great help. Wouldn't it have been better if we could end our story this way:

"Sir, I thought we discussed safe sex earlier tonight?" You were able to

**Possibly, he will pull out before he cums.  
Possibly, he will throw me out if I ask him  
to use a condom. Obviously, safe sex  
should have been discussed a bit earlier.**

It's a perfect scene. Everything you wanted to experience, exactly as you agreed on it in the bar. You feel high as kite. When the SM scene winds down, he actually carries you from the playroom to the bedroom, where the vanilla sex portion of the evening begins.

After some rough face-fucking, he tosses a jar to you and tells you to lube up. He then says he will be back in a minute with a beer. You are mentally and physically exhausted, but in a good way. You lube up, hoping that when the two of you are through, he will curl you up in his arms, and you will fall asleep there.

He comes back with two beers, and starts fucking your face again. Then he moves directly from your mouth to your ass. In one move, he enters you.

say this out loud with the knowledge that safe sex is not only your right, but that you deserve not to have to worry about it. It should, you understand, be done automatically in every scene.

"You're right, boy," he says almost abashedly as he leans over to kiss you on the forehead. He reaches into his toy box for a condom. You feel confident and in control, without threatening the authority over yourself you have given to this other man. When the sun comes up in the morning, you'll have a lot to talk about, and possibly you'll have a chance to see him again.

## FEAR IS THE ENEMY

by Guy Baldwin • • • illustrated by Bob House

"I must not fear. Fear is the mind-killer. Fear is the little-death that brings total obliteration. I will face my fear. I will permit it to pass over me and through me. And when it has gone past I will turn the inner eye to see its path. Where the fear has gone there will be nothing. Only I will remain."

BENE GESSERIT LITANY AGAINST FEAR  
FROM DUNE BY FRANK HERBERT

For the last 20 years or so, conventional wisdom in the SM scene has held that bottoms outnumbered Tops by a wide margin. Different people like to throw out different figures, but it is common to hear that there is one Top for every 10-15 bottoms. Various explanations have been offered to account for this numerical difference, but I have come not to believe it. What I do believe is that historically, it has been much easier for bottoms to deal with their needs to submit (at least superficially) than it has been for Tops to deal much at all with their needs to dominate others.

In spite of the fact that men in American society get lots of support for being dominant, taking and using power, being a leader, making decisions, knowing what they want, and other traits usually associated with being a Top, most men sharply limit the ways in which they will allow their dominance and/or sadism to surface. The majority of them can do it only indirectly or symbolically, say perhaps when listening to the ecstatic conflicts that run through the music of Mahler or Vaughn Williams. Or maybe they get their dominant/sadistic rocks off vicariously by watching sport events with heavy contact as in boxing, wrestling, or football; or perhaps when watching films with villains like Skeletor, Don Corleone, Lex Luthor, or powerful and destructive heroes like Conan, Rambo, or the Terminator.

So why don't more guys come out more directly with their Top stuff, say, in an SM context? Why do they keep it hidden? For a while now, I have suspected that the reason more men don't let their dominance manifest itself in a more directly erotic way is due to the fear and guilt they feel when they come

face to face with the magnitude of their needs to be sadistic, their urges to control, and to dominate. It is as though they sense the presence of some anarchic, lusty beast within themselves who could run wild and destroy everyone and everything in its path if released. So, many men keep the beasts within themselves safely caged except, perhaps, during private masturbations.

While most men may prefer to let their dominance and sadism out in largely symbolic ways, it is Leathermen who do it more directly during the SM scenes that we love. In some ways, an SM scene is where Tops test their abilities to let their inner beasts loose for long enough to gain lusty satisfaction, yet keep them restrained enough to prevent chaos and erotic anarchy from causing the true destruction that comes with unwanted consequences.

This delicate balancing act on the razor's edge between the urge to rape, pillage and destroy and the need for self-restraint is a battle that takes place behind the steely eyes of the sadist, the dominant. The tension created by this

battle releases a flood of endorphin-driven ecstatic pleasure that is unequaled. For me and, I suspect many of us, this pleasure is one answer to the often asked question, "What do Tops get out of the scene, anyway?" As Thom Magister has pointed out, "He who would master another must first master himself".

At long last, there is some evidence that there has begun to be an increasing number of guys out there who have been more willing and able to come to terms with their own needs to dominate others and/or let their sadism out of its cage, probably because of the increased support for Tops that has become available in the last 10 years.

The wealth of technical information that has become available through publications, videos, workshops and demonstrations has helped Tops give real shape to our longings and at the same time, has taught us how to be safe. These tools have given us the support and encouragement necessary to conquer our inner fears of our dominance and sadism. More and more guys have begun to learn how to let the sadistic "monster" out of its cage for short periods, yet still keep it on a strong leash. This welcome development should produce a gradual equalization in the ratio of Tops to bottoms.

Having said all this, it is time to come to the point of this essay. For Tops to engage in this inner battle, we need and must have co-participation from brave and willing bottoms, and these, it turns out, are all too rare. It is not too hard to find bottoms who are willing to take a few steps with us as we make the journey, but most bottoms become paralyzed by their fears long before we get close to where we need to go. Bottoms who can go the distance with us are rare as hen's teeth.

**Bottoms  
who can go  
the distance with  
us are as rare as  
hen's teeth.**

But Tops need such bottoms for it is they who become the arena in which and on which Tops test themselves; bottoms are the witnesses to, and participants in this drama. They watch us play with holy fire and accompany us as each scene reconfirms us in a rite of passage in which we re-affirm ourselves by mastering the inner impulses to destroy that remain from childhood. Only children and madmen destroy spontaneously for pleasure; true Men create.

During a scene, like the kinds of self-confrontational scenes I mentioned earlier, Tops edge ever closer to our internal "beasts", and we take our bottoms along with us. Tops must draw near enough to the animal in order to collar him, and then walk him in front of us through a cathartic portal and beyond into transformation. But we can only go as close to that animal as bottoms will allow for there must always be consent. Children take what they want for they have no interest in consent; these are rites of passage for grownups.

"But you are asking us to jump into a Black Hole with you!" a famous slave protested recently in a discussion about

this stuff. "Yes," I replied, "I am, and together we will come out on the other side of that Hole, The Cathartic Portal, having been profoundly changed by the passage." This idea instantly brings up two crucial issues for bottoms: first, how do I as a bottom know (trust?) that this particular Top can navigate the two of us successfully through what the slave called, "The Black Hole" and come out safely on the other side—that I will survive the experience and not be destroyed in there? (Remember: The black holes in the world of astrophysics are places where all matter is crushed together by heavy gravity and fused—a place of death and rebirth.) Second, will I as a bottom be able to deal with (or even want) the changes that will happen to me as a result of the transformational passage?"

I understand instantly what these questions mean. Remembering my former years as a bottom, I recall the many times I asked myself what the SM scene would do to me if I continued my explorations in it. I asked myself if it would destroy me. I asked if I would like who I would be changed into; whether I

would respect myself later; whether I would still be able to work and be productive; whether I would end up alone—will I lose my old friends—can I make new ones; whether I would still recognize the person that was essentially "Guy". All of these questions put me right up against my fears. The questions scared me. I somehow knew it was out there, and The Black Hole scared me greatly. I wanted guarantees that my passage into the Hole would not destroy me. In 1968, stopped doing scenes for two years while I wrestled with these issues. And I remember the struggle well.

But finally, I was forced to accept that passage through the Cathartic Portal, the Black Hole, would indeed change me—that a part of me would die, and that I would be reborn in some way that was, finally, unpredictable—no guarantees of any kind whatsoever. We must all come to terms with the fact that life itself changes us. Medical school changes the people who goes through it. Travel to the moon changes those who go there. Winning the lottery changes us. Loosing a lover to disease

changes us. And standing on a frontier, looking off into the distant unknown, looking towards the Black Hole, challenges us to risk change. And change is scary shit. The possibility of profound transformation is scarier still. But there it is. And every time we begin a scene, a part of us wonders if we will catch a glimpse of the Black Hole, wonders if we will take our next steps towards the thing. Wonders if this time we will step up to the threshold itself and peer into the swirling ethers of transformation and perhaps surrender to them.

Clearly, the Black Hole experience—and the rites of passage that take us through it—these are the beacons toward which many of us travel in the SM scene. Some only sense them out there somewhere in the darkness. Others can see them shining dimly, afar. For a few, they come fully into focus when we play. And fewer still enter.

I have already offered my view of the magic path Tops must take to confirm themselves, and of course, there is a corresponding path for bottoms. It lies parallel to but is different from that which Tops take. Along the bottom path, bottoms confront their essential vulnerability and triumph in survival. But to really do this and not just play at it, the vulnerability must be damn real which it is when bottoms accompany Tops on their quest to collar the animals within themselves. This, I suspect, is the reason that bottoms are interested in testing their limits—it makes their vulnerability real; it keeps their surrender meaningful and amplifies that surrender until it has enough power to change those who REALLY CAN SURRENDER.

And yes, real vulnerability is scary stuff. It must be so before it can do the job in a scene. The fear and intensity tells you that the vulnerability is authentic. It is upon this platform of vulnerability that Tops master their internal beasts. It is at this moment, this place which lies within the Black Hole, that Tops and bottoms fuse and become one. We go together, or else, we don't go at all.

After I was able to overcome the paralyzing fear that halted my bottom explorations for those two, dark years, my subsequent experiences in scenes confirmed to myself that what I had feared would destroy me, instead had created—recreated me. They confirmed that the transformational passage

caused me to feel more alive than ever before, that my confidence had grown, my self-esteem blossomed, that I could love, that I could sustain adventure and ecstasy. Bottoms who can truly surrender are the ones who learn to walk among the stars.

Well, the stage is now set. We have spent years making technical, psychological, and emotional information available to Tops and bottoms alike. At endless workshops, seminars, and discussion groups our village elders have poured forth information at every opportunity: information to help Tops wrestle with their own frightening animals; and information to help bottoms wrestle with their own frightening vulnerabilities. For those who have mastered these techniques, the moment of truth is upon us, and so it comes down to this: can we find the courage within ourselves to deal with our fears (without drugs and alcohol, thank you) and to surrender to our respective quests that lie within the confines of the Black Hole?

We must. For otherwise, we all risk being reduced to male impersonators or, at best, sport fuckers. And no, this is not just macho posturing. After all, the purpose of rites of passage is to confirm something to those who are performing the rite. To undertake the rite without making the passage simply

reduces us to being ritualists or liturgists—empty and meaningless—the jewel box without the jewel. If we are ultimately going to be unwilling or unable to one day actually undertake the passage itself, then why would we step into the ritual chamber in the first place? To only do SM "just for fun" is to waste the trip. To visit The Vatican just to look at the art there misses the main point of the place.

I, like Gayle Rubin and many others, hate perfunctory SM: attach shackle "A" to wrist, "A"; then do this and say that. The "paint-by-number" experience—formula SM—does not produce masterpieces for anyone. While perfunctory SM may be a necessary step toward achieving the skills necessary to later undertake transforming experiences, to get stuck there reduces us to being mere technicians, but does not produce artists—does not produce the navigation skills that can take us successfully toward and through the Cathartic Portal. Playing all the musical notes correctly as written in a piece of music does not necessarily produce MUSIC.

For me, this scene is ultimately all about confrontation with Self. Bottoms confront one facet of the Self, and Tops confront a different facet; because we all have both facets, all of us are potential switches—both Top and bottom, Sadist and masochist, Master and slave. Fear of these confrontations can stop both Tops and bottoms long before they get anywhere near the threshold of what I have here called The Black Hole experience. For Tops, some fear is necessary to prevent us from moving too far and too fast during a scene. For bottoms, some fear is necessary to prevent them from connecting with crazy or incompetent tops. But the fear that leads to paralysis—to the lack of will to move toward the Black Hole experience—this fear is our enemy for it can prevent us from taking the transformational journey.

This fear is my enemy. I think it is our enemy. I challenge you to master yours and step through the temple doors and into the ritual chamber to be changed there. Changed into yourSelf.

Al's got a hot butt, especially in those shorts I make him wear around the house. Tight, black, shiny ones, they make his buns quiver when I slap them. They feel smooth and soft to touch when I grab a handful and squeeze. Hell, seeing Al's butt in those shorts makes the head of my dick throb every time I look at him, which is why I'm standing in the kitchen door, watching my slaveboy do the dishes.

I love coming home for lunch when Al's in town. Al, that's what I call him, short for alleycat. It's the name he goes by when he wears my house collar. Says so on one of the keys dangling from my belt loop. He's kind of like a cat: slender, soft gold chest fur and pubes, long brown hair, and green eyes.

There's a D-ring on the bacak of the collar, and I hook my finger through it and tug, to make sure I have my slave's full attention as I slide my hand down inside those shorts. Al pulls his hands out of the suds and grabs the counter. He stands, legs apart, and exhales heavily as one of my fingers finds his hole.

"Good boy, you remembered to lube this morning."

He never forgets. It's a house rule, but it feels like a surprise every time I get the urge to fuck him, to find that my finger slides in so easily. That hole of his just gives itself up to me. The lube oozing from it smooths out the hairs in my way. I yank his shorts down to his knees with one hand, and reach around to find the condom pouch tied to his waist. Al braces himself against the counter, feet apart on the tile floor, and he moves his hips to accommodate my angle.

Yep, I love coming home for lunch when Al is around. For one entire week out of the year, he's mine. I may not know much about where he's from, and I only have a vague idea of where he goes when his contract with me is up. But for one whole week Al's mine, any time, anywhere, any way

I want him. Right now, it makes the head of my dick very happy to be taking him at the kitchen sink.

Such a well-trained hole, Al leans back against my chest. I get a very contented slaveboy sigh out of him as I slide right in. I grab his tits and fuck. The harder I fuck, the better he likes it. I can fuck him off his feet, sometimes, get him off balance so that, if not for my hold on him, my arms around him, my hands running hard against his belly, grabbing his dick, squeezing his balls...

Of course, with him braced against the counter, I can slap his butt while I fuck him. One slap makes his butt quiver, and his hole starts sucking on my dick which is throbbing inside him. So I push Al forward. He grabs the counter again, and I grab myself a handful of butt. It's squirming there, so pretty, just for me.

I give his buns a couple of hard whacks, then I run my hand over it to feel the heat. I also feel the marks on Alleycat's butt against my palm, his burn scar, skin cut, brand, and--although I can't feel them--I am reminded of his tattoos. He's got quite an assortment of marks running down his right cheek. Well, actually, just a few, and small ones: An A-shaped burn scar; an S-shaped tattoo of a red-eyed snake; a stylized, gothic-looking M in blue and yellow; a dragon tattoo in the middle of a five-pointed star of razor-thin skin cuts. They're marks left by other men, like cryptic letters of recommendation from others who have enjoyed Alleycat's services. Feeling the marks makes me wonder, as it always does, when Al will let me leave my mark on him, after all the years he's been coming to work for me.

Our contract is up for the year day after tomorrow, and I still haven't thought of anything special to do for our last night together. I fuck him a bit more, and think about it.

Such a hungry hole. As eager as his mouth is. And

that's why Al is only allowed a rag and a sponge to clean the kitchen and bathroom floors, a whisk broom and car vacuum to do the carpets and stairs. It's so I can find my slaveboy on his hands and knees often, doing his chores with his butt raised, his face somewhere near crotch level.

Put that on his resume, I think as I fuck him, still standing against the kitchen sink. That's what I think of those marks as I run my hand over them again, they're his resume. I wrap my free arm around his chest and grab a tit. I feel too close to coming, so I slow things down a bit, distract myself.

"Yeah, boy, you wanna do something special for Daddy your last night here?"

Al nods. He never says much, especially when he's getting fucked.

"Listen, boy. Daddy wants something really special this year," I tell him. I trace the thick scarlines of the A-shaped brand, run my fingers over the tattoos to the skin cut, wondering how I want to leave my mark on him.

Yeah, boy, you know what I want," I growl into his ear,

giving him a couple of hard fucks as I slap his right cheek to drive the point home. It gets me hot just thinking about it, but I didn't expect the reaction I got.

Al's hole collapses around my dick, relaxes completely. He starts to shake in my arms, and the next thing I know, he's head-down, sobbing over the suds in the sink. I pull him back into my hold, and rock him.

"Please, Sir," he says to me sniffing. "I'll be good."

"You are, boy."

"Then please, let me stay longer this time," he begs. "Keep me for as long as you want this year."

"You know you can stay, boy." I give him a couple of fucks and kiss his neck, wondering what in hell I should do or say. "You can stay as long as you like, but you said you could never stay longer than a week."

"Then, please don't mark me, Sir," he says in a tone of voice that startles me. I've never heard him use a demanding tone before, so I grab his hair and pull back on it.

"And why not," I bark, more stunned than angry.

"Because, Sir, if you do," he cries out, "I'll never see you again." I let go of his hair, and he hangs his head down almost into the sudsy water. "Something always happens, Sir," he says quietly and sadly, shaking his head slowly.

My dick, still hard inside him, waits for something to happen as I pat my slaveboy's head, stroke his fur, and make soft sounds into his ear. Like I said, I may not know much about where he comes from, and I may know nearly nothing about where he goes when he leaves me, but Al always come back. Year after year, he's here.

I get a postcard from him, send off a contract, and he's at my door on his hands and knees, waiting for me to lock the house collar on him. I've never had reason to doubt that my 'cat would come back. Things can happen in a year, I realize. People change, they move, they lose interest, . . . they die.

I run my hand down those marks on his butt again, trying to imagine anyone losing interest in that handful of his. Then I grab his tits, give them a squeeze. I pull Al's hips back and start fucking his again. He leans back and gives it up to me.

Such a good boy. I give him a few minutes of slow and easy fucking, then I look up to see the time.

"Yeah, boy, Daddy's got a better idea then."

I push him forward, making him grab the edge of the counter again. I slap his buns a couple of times to kick start the scene that had stalled there. His hole gives my dick a squeeze, and I start working it harder. "Uh-huh, Daddy's got a better idea of what we're going to do on our last night."

"What, Sir?"

He'll find out. Right now, I'm busy.

Such a hot little fuck hole. I don't know how any man could lose interest in that. I slap his butt some more, and I start pushing him up on his toes with each fuck. Al moans and groans, rocks his head back and forth, rearranging the suds with every heavy breath. I grab his waist and pull him back to me. I am so close to blowing my load. I reach around and grab my slaveboy's big hairless dick, grinding into the pubes he keeps shaved down to a golden pelt around it. I start stroking him off, bringing Al as close to coming as I am.

I believe in the reward system, especially when Al's been a real good boy. Letting him blow a load for me is just one kind of reward. Blowing one *with* me is meant to be more than a reward, it is meant to reassure him that right now he belongs to me. He is absolutely mine, the way he is when he comes crawling through my door, stripped and kneeling, reporting for duty, with a signed contract clenched in his teeth.

I like to remember his arrivals, the way he kisses the collar before I lock it around his neck. Yes, from that minute, he's mine. Whether he sleeps in the dungeon (where I used to keep him) or upstairs at the foot of my bed (easier access for his fuck-horny Master), Al's mine to put to work, to snap my fingers at, or just to keep squirming pretty on the floor for me, maybe tied up some place. Mark or no mark, he's mine every year, every time he comes back to me.

I'm bringing us both so close. Al's body shudders, his legs tremble as his hole begins to suck on my dick again. It makes my head spin to feel my slaveboy so close to the boiling point. Three more strokes and he blows, gushing into the palm of my hand.

So do I. A thrust and I pop. I fuck it out, load after load through the squeeze of his muscles. Al tenses, then lets go, roaring along with me as I fuck the last drops of cum out into the reservoir tip. Then I keep on fucking, slowly and lazily, until I soften inside him, bringing us both back down to the ground again as I wipe my cum-sticky hand all over his belly. Now, how could anyone ever lose interest in that, I wonder.

I pull out gently, looking up to see how late I'll be, getting back to work. The guys always notice it when I'm late, coming in with a big, silly grin on my face, make my excuses. If they only knew even half the story of what I've had waiting at home all this week . . . and, I remind myself, if I only knew half the story of those marks on Alleycat's butt.

I pull his shorts back up and pat his cheek. I tie off the load in the condom, reach around and drop it down the front of Al's shorts. Then I grab myself one more handful of butt, and really squeeze. Yeah, Daddy knows what he wants from his slaveboy for their last might together: *The Whole Story*. That's it. Think I'll get it? ■

[WB] IRAQ TORTURE CHAMBER IS REPORTED IN KUWAIT

05-OCTOBER-90

BAGHDAD, Iraq — In the two months since Iraq seized Kuwait, the Bibi Saleh Center, a four-towered condominium complex which was once a haven for wealthy foreigners and Kuwaiti playboys, has become a cornerstone of Kuwait's brutal subjugation, according to reliable sources fleeing the country.

Now, the Bibi Saleh Center is the site of the torture chamber of Iraq's secret police, or Mukhabarat—one of two tactical interrogation facilities widely known to be run by the agency.

According to dozens of senior diplomats, businessmen, and workers who have left Kuwait in recent weeks, the Iraqi occupiers have set out on a course of systematic execution, torture, and looting on a grand scale. Disappearance of Kuwaitis, including both prominent citizens and ordinary resisters, is also on the rise. It amounts, as one diplomat put it, to the "transplantation of an entire nation."

Eye witnesses said that at one Kuwait City hospital alone the mutilated bodies of about 230 victims have been delivered from the complex since Iraq invaded on August 2. In a report issued earlier this week, Amnesty International, the London-based group that monitors human rights worldwide, condemned what it called the summary executions and torture by Iraqi authorities in a campaign to crush the Kuwaiti resistance movement.

Referring specifically to the accounts of torture and abuse, one diplomat in Baghdad who has debriefed several witnesses said, "Over a period of weeks, we've had a large number of anecdotal cases of arson, house destruction, summary execution, and casual torture by Iraqi forces in Kuwait." He added, "But these are the first confident references to the establishment by the Iraqi secret police of an interrogation and torture facility, which we were hoping was not there. And obviously, it has been working for some time."

In the words of another diplomat who was based in Kuwait during and immediately after the invasion, "There is no doubt there was extensive torture going on, most of it to extract information about the Kuwaiti resistance and Iraqi opposition. And, apparently, it has been quite effective. The resistance is all but dead."

"These accounts, no matter how gruesome, must be viewed in their regional and historic context," the diplomat in Baghdad said. "It's all consistent with the historical record and culture handed down by 600 years of Turkish rule. What is more, that's the Iraqi way of doing business, which the Western world knows all too well. The West clearly doesn't seem to be too concerned when the Iraqis rape, rob, pillage, and execute their own people. The Americans, British, French, and Germans, for example, continued to do big business with Iraq despite the fact that torture and summary executions are a way of life here."

# SPOTLIGHT ON THE Mr. Southwest Drummer CONTEST

Photography by Roy Cooper, courtesy of J&S Productions.

Gregory Foster and Derek Yeager, at left. All of the Mr. Southwest Drummer 1992 contestants, below, Foster in center without cap.

Pat Sanchez, Mr. Southwest Drummer 1991-92, and Paul 'Kokomo' Waller, Southwest Drummerboy 1991-92, served their region, their sponsors, and *Drummer* well and proudly. And, now they have handed on their titles and responsibilities to Gregory Foster and Derek Yeager, respectively.

Sanchez continued to serve as president of The Motorcycle Men of New Mexico while carrying out his duties as Mr. Southwest Drummer. He says that one idea he wants to leave us all with is that we should accept one another "the way we are," and not condemn each other or anyone for their particular activities—so long as the action is safe, sane, and consensual.

Paul is a very active member of NLA and of the Copperstate Leathermen. He is a member and past director of El Sol Amigo y Montanas. But most of Paul's activity is centered on connecting the deaf community with the hearing impaired. Paul is the first deaf titleholder in the Mr. Drummer/Drummerboy system, as far anyone knows.

Their year is over, but we at Desmodus know we can expect to see more hard work on behalf of the leather community from both Pat Sanchez and Paul Waller.

The new Mr. Southwest Drummer, Gregory Foster, is a founding member of the Universal Brotherhood of the Leatherlords. He lives in Phoenix, as does the new

regional Drummerboy of the Year.

Drummerboy Derek has been in the Phoenix area for seven years, always on the lookout for opportunities to volunteer his services and make a difference.

Here's a toast, one that can be repeated for every leather title contest: May the outgoing titleholders use, now and always, what they have learned from their year in the spotlight, and may they continue to serve their communities well, beginning by easing the way for their successors. And may the new titleholders graciously learn from their predecessors and *survive* their year in the sash still also willing to serve the community.

J & S Productions always puts on a first-rate show and contest for the Southwestern region, and 1992 was no exception. Five Mr. Drummer contestants and five Drummerboy hopefuls competed at The Bum Steer in Phoenix. Although Mr. Foster and Derek came away with the titles, it is safe to say that all participants felt that they had helped to present a fair sampling of the region's leathermen in a setting that retained and underscored their dignity and pride.

Thanks and good wishes to all, especially Jerry and Spike.

# DRUMMEDIA

by Joseph W. Bean

## THE IMMODEST EDITOR SPEAKS

I feel uncomfortable with the fact that so much good video and print media is coming along which is not being reviewed here. Maybe I should feel worse still if I take a bit of the very limited space of Drummedia to tell you about projects that I am involved with. Still, modesty be damned, I really want you to know about these things.

*Leatherfolk: Radical Sex, People, Politics, and Practice* edited by Mark Thompson; Alyson Publications, Boston, 1991; 328 pages, hardcover, \$19.95. This anthology is very possibly the most important book on leathersex since the first appearance of Larry Townsend's *Leatherman's Handbook*, which is not to say that they are comparable in any way except that they are important. Whether the idea is the history of American leather, the actual practices, the understanding that players bring to and take from SM, or the spiritual aspects of living in leather, *Leatherfolk* includes one or more distinct and personal points of view on the subject. The book shines in that its contributing writers take every reasonable point of view, not just the most PC or the most convenient ones. It fairly glows with personalities and life, which is quite a tribute to Thompson. (He might so easily have selected and edited—as editors of anthologies often do—in such a way that his own point of view, his own personality, and his own life would be the only ones illustrated.)

*Leatherfolk* is not an apology in any sense, but it would be an easy book for non-leather people to read if they were even half willing to understand what leathersex is to the people who do it. It is not an all-inclusive text, attempting to explain everything, but its embrace is broad enough to suggest the realms it doesn't exactly cover.

My connection with this book is simple: Mark invited me to contribute reworked and expanded versions of two pieces I originally wrote for *Drummer*. They both appear in the closing section of the anthology, "Spirit and the flesh." Besides my own, four others of the 28 pieces in the book have appeared in *Drummer*, although, excepting the one by Geoff Mains, all have been exten-

sively rewritten between their appearances here and in *Leatherfolk*.

*Safe Sane Consensual SM: A Documentary* produced by Greg Roberts and Ann Soucy-West; B & D Video Productions, 2215-R Market St. #214, San Francisco, CA 94114, 1992; 85 minutes, VHS only, \$49.95 + \$4 shipping and handling. "SSC SM" is a compilation of answers to 15 questions about SM, its practice and meaning, the lifestyles it engenders and the relationships it includes. The answers come from 16 interviews of serious SM players. Mark Thompson said of the video that it is "a breath of fresh air in a miasma of cloudy perceptions and prejudice. . . . The wide range of sex radicals interviewed in this fascinating tape offers candid and clear-headed views about their play and practice." Eric Rofes, Executive Director of Shanti Project called it, "a series of well-articulated interviews filled with honest talk about sex," adding, "This video will do much to instruct." All of that is true. Besides, the tape is also enjoyable, well composed and edited, and handsomely finished.

My connection with this project is just that I am one of those interviewed, in the comfort of my own playroom with my slaveboy at my feet.

I continue to hope that *Drummer* will one day have actual reviews of both *Leatherfolk* and *Safe Sane Consensual SM*, by someone who need not apologize for reviewing them. If the assigned reviews never arrive, now I can rest assured that at least my involvement with these two projects will not have stood in the way of your hearing about them.

## RECENT SURPRISES

Whitespace considerations continue to bedevil this column, it may be well for me to at least mention the best and most interesting material that is coming my way. I can just let you know how to find out more about the things that I find most significant, and leave you on your own after that.

Surprise No. 1: Falcon—so often the purveyor of material characterized by the blond bimbo by the bubbling pool—has produced a few tapes that are very appropriate for leathermen, especially if

you like your men (on video anyway) to be young and beautiful. The best of the lot in this refreshing trend is *The Abduction*, which is released by Falcon as a Falcon tape, but it will remind you more of . . . well, there has never been a SM film before that shares this odd category of clean, even somehow sparkling guys, in crisply performed leathersex. This is not a "real" SM tape in the way that the USSM vids, or the work of Marathon Films, John Stevens, or Palm Drive are real. It is too concerned with production values (very high!), tan lines (very white), and muscles (very big) to be real in that way. But it is hot, a lot more sex-gorged than most SM tapes, and it has at least a bit of quite a few leather/SM/fetish scenes (dildos, bootlicking, uniforms, hot wax, collars & cages, verbal abuse, enemas, rimming, paddling, etc.) . . . by now you know whether you might like

ONE OF THE ASSISTANT ABDUCTORS IN FALCON STUDIOS' INTERROGATION/SM TAPE, THE ABDUCTION. (FVP #75)

it. So, for very pretty guys doing leatherSEX, write to Falcon Studios, P.O. Box 420750, San Francisco, CA 94142-0750, or call 800-227-3717 (in California, 415/431-7722 during normal business hours). And, when you write or call, let the folks at Falcon know you're a *Drummer* reader with leather interests. They have some not-exactly-Falcon lines they might like to suggest to you.

Second surprise: The Bob Jones video from the weekend he sponsored at Timberfell Lodge is wonderful. (See *Drummer* 153 for Larry Townsend's report on the weekend.) He calls this one,

very appropriately, *Bound Boys in Slave Hollow*, aka BJ video #257. In fact, Bob Jones videos just keep getting better and better, in every way. He's using better equipment and better production techniques; more time, money, and guys, and (as it seems to me) he has learned a great deal from his past mistakes. If you ever liked Jones at all, you'll love what he's grown into. "BB in SH" sells for \$59.00 plus \$3 s/h. Get your copy by writing Bob Jones, P.O. Box 9851, Washington, DC 20016.

**Special Note:** Piss fans, if you can't get enough of that wet and salty stuff—and who can with the censors breathing down everybody's neck?—check out *My Boy's Yellow Hanky!* This is a landmark video where piss action is concerned. Sirco is still definitely the King of the Golden Seas, and Jones may never make another totally wet vid, but this one is a major score. And it's *Daddy* not the boy who is constantly begging for, lapping up, and wallowing in piss. Very hot stuff.

Third, no surprise: Sirco, as I said, continues to rule where certain fetishes are concerned, piss especially. The lists of audio tapes, video tapes, and other pissy slurp (slop?) you can get from Sirco is constantly growing. How about a nice, yellow P-shirt? Here are a few of their audio tape titles: Ass Sucker (1 & 2), Boot Licker, Cock and Ball Torture, Degradation, Foot Fetish, Piss Talk (1 thru 3),

Toilet Slave, Watersports, Wet Dreams, Tops & Bottoms. And there are about 50 others, and videos in all the same categories, and more. What I suggest very strongly is that you start with both audio and video samplers from Sirco. Unlike many samplers, these are made up of nice long takes—long enough to get you there if you're fairly ready to go. In the audio tapes, there are anal, piss, and uncut samplers at \$10 each plus \$1 each shipping. In the videos (where the Piss

Pig titles alone already run to volume 5), the samplers are not subject segregated, just numbered one through three, and sold at \$69.95 each, plus \$2 s/h. In my view, Sirco's best is in audio tapes, but if you can get behind a rough, hand-held, home-made look on video, and if seeing the piss is more important than seeing it attractively and professionally presented . . . Sirco's got your video number, too. Write to/order from them at Sirco, P. O. Box 14425, San Francisco, CA 94114.

MORE OF THE ABDUCTORS. BY THE WAY, THEY SEEM TO ENJOY DOING WITH EACH OTHER MANY OF THE SAME THINGS THEY DO TO THEIR PRISONERS, WHICH CERTAINLY ADDS A FEW ENTERTAINING TOUCHES TO THE TAPE.

## DRUMMEDIA NEWS FLASHES

### MEXICO

I have traveled in Mexico, as a lot of Americans have, and it never seemed to me that the atmosphere in that country was life-supportive for gay people or leathermen. As if to prove me right, the government there booted out the International Lesbian and Gay Conference (scheduled to take place in Guadalajara) last year by threatening to arrest anyone and everyone involved with it. So, it has to have something of a precarious existence, but there is now an international gay magazine being published in Mexico City.

*Del Otro Lado*, meaning "From the other side," is intended to be a bi-monthly magazine, starting with a press run of 20,000, to be distributed throughout Mexico and the rest of Latin America. The publication is being launched by an archive which is said to have the world's most important Spanish language library and documents on homosexuality.

If you are interested, write to the

publishers at the address below because I don't yet know the subscription price outside Mexico: CIDHOM/Del otro Lado, Apartado postal 13-424, Mexico, DF, 03500, MEXICO.

### FINLAND (and the world)

The filmed biography of Tom of Finland, *Daddy and the Muscle Academy*, is a hit, a major hit.

About two years ago, while the film was in its planning stages, the honors for Tom began to flow in. Fortunately, all this started while Tom was not only alive, but well enough to enjoy it.

Quoting from the Tom of Finland Foundation's *Dispatch* of Summer, 1990: "At a time when Jesse Helms is riding rampant over American artists, when Thatcher's government is forging new chains for Britain's press, and when even France is cracking down on traditional nudity on public beaches, Tom can be proud that his beloved Finland is finally acknowledging their internationally fa-

mous homoerotic native son.

"Being one of the most conservative of Scandinavian countries, heavily influenced by the U.S.S.R., Finland's past attitude towards sex and the arts was rather stodgy. But, thanks to *glasnost*, that is all over."

Among the acknowledgements of Tom at that time were the Finnish government's grant of \$50,000.00 toward the budget for *Daddy and the Muscle Academy*, a then-upcoming spread in *Image*, "one of Finland's glossiest, upscale quarterlies," an autobiography in the planning stages at Otava, "the most respected publishing house in Helsinki." And, at the same time, Tom was named Comic Illustrator of the Year for 1990 by an association of the Finnish advertising and journalism industry, in which he worked for many years.

So, now Tom is gone, and the honors continue to accrue, many of them attaching to the film biography. First, "Daddy" picked up the Finnish equivalent of an Oscar in the hour-long feature category. Since then it has been honored and praised all over Europe, invited to

the Berlin Film Festival and the London Gay and Lesbian Film Festival.

"Daddy" will have its US premiere at the 16th San Francisco International Lesbian & Gay Film Festival on June 26 at 9 PM, with an AIDS Emergency Fund Benefit party to follow. For more information and party tickets, get in touch with the Tom of Finland Foundation in Los Angeles, (213) 250-1685, or the AIDS Emergency Fund in San Francisco, (415) 441-6407.

After the premiere, *Daddy and the Muscle Academy* will be shown in major cities all around the country. Then, once the first-run is done, a video version is planned—probably going on sale late this year.

#### USA, etc.

I have been writing a column called

(for reasons you will never hear about!) *The Leathersex Fairy* for more than three years. The column has been published at times in Chicago, Philadelphia, Denver, San Francisco, and elsewhere, but no paper has carried *all* the installments. Now, along with plenty of new material, the contents of those columns will be a book. Haworth Press / Harrington Park Press will be releasing my book—working title *Leathersex: A Guide for the Curious Outsider and the Serious Player*—around the end of the year.

Obviously, I'll keep you posted on this one, but if you really want to be the first on your block to know when *Leathersex* is available, drop me a line, I'm keeping a mailing list. Write to Joseph W. Bean, 584 Castro Street #360, San Francisco, CA 94114.

**OFF THE TOP, CONTINUED FROM PAGE 4**  
richly as she has given.

Only my Mistress's restraint kept me from pirating the microphone at the recent International Ms Leather contest, as I heard another past titleholder rattle off a litany of cities where fundraisers would be held for a bunch of women to have a play party in Seattle this summer. They might even form an organization that would fit under the "charitable" designation of the IRS. With whose funds? When did the Chicago Hellfire Club ever ask for national fundraisers? How about those women from Denver who threw that big party last summer called COLD—Colorado Outdoor Leather Dykes? They never combed the countryside for outsiders' money. They planned their event so that those who paid for it would be those to benefit from it. Likewise, the NLA never begs for national fundraisers to carry out Living in Leather each year. All these events are self-supporting through their own contributions.

Responsible planning dictates that fundraisers should be supported by the people who will benefit by their investment. We all profit by AIDS benefits, because our entire community is constantly decimated by HIV. We all stood to benefit by defeating Jesse Helms, and did our best to make that happen. But funds raised for the pleasure of a few, or for someone lacking in fiscal accountability, truly are funds razed against the general welfare of us all. How many prime time anti-OCA television ads could \$8,000 or \$12,000 purchase? How many minutes of crucial radio time could have been bought with those fundraisers here or there, which instead will allow a few women to play? Whose funds do you want your hard-earned bucks to benefit?

This has been difficult to write. I've had to point my finger at women with whom I've shared many special times. But just as the recovery trend is to "break the family secret," we need to break secrets right here in our leather family, to call a rip-off when we see one. Opportunistic women should not alienate the many men who have let women into their lives for the first time by the good graces of this magazine and *Drummer*-sponsored events. The Old Guard has bequeathed to us the responsibility to carry on the honor and dignity of the leather lifestyles. We cannot live out that legacy and simultaneously swindle our family. We must prioritize our community events so that they benefit us all, by once again becoming fundraisers, and no longer fundrazers.

My deepest appreciation to you, Sirs, of *Drummer*, for offering me this space, and to my Mistress, International Master 1992 K.T. Chase, for discharging my routine obligations to allow me time to prepare this.

## WHERE LEATHERMEN MEET

By placing an ad in this section, a bar or other business is telling you that they welcome Leathermen.

By accepting their ad, **Drummer** is telling you that the bar has been recommended by a Leather/SM club or a recognized individual in the community as a good place to meet and socialize with other Leathermen. In larger cities, these will be *the* leather bars; in other areas, they will be the more general purpose bars where Leathermen do go to socialize.

Help us to alert **Drummer** readers and travelers to the **right** place to go to meet Leathermen in your part of the world. Send us your recommendations and talk to the right bar owners and managers about placing one of these low-priced ads. If you see a business listed here that you think shouldn't be, let us know about that, too.

**HOW TO PLACE YOUR AD IN DEAR SIR:**

We accept ads, and changes to ads, only in writing. Sorry, we cannot do this over the phone. Submit ads on the form on the facing page or a copy of it. If you can't bear to cut up your issue of *Drummer*, and can't make photocopies, send us a note and we'll mail you copies of the form.

**Box Numbers:** \$5.00 buys you a *Drummer* mail box for the life of the ad. Even after your ad expires, we will continue to forward replies forever—as long as we keep getting letters. (So, keep us posted if you move.)

**Phone numbers:** You can put your phone number in your ad for immediate response. WE WILL ONLY PUBLISH VERIFIED PHONE NUMBERS. Here's how to put your number in your ad:

Mail in your ad. (Don't forget to include the \$2.00 phone verification charge.) About two weeks after you mail the ad to us, you call us at (415) 252-1195, during business hours (10:00 am to 5:00 pm Pacific Time, Mon.-Fri.) Be at the phone number you are placing in your ad. We will call you back to verify the number. If we have not verified your number within three months, we will publish the ad with a box number instead of a phone number.

You only need to verify a phone number once. Once it has appeared in *Drummer*, just attach a copy of the printed ad to your new ad if you wish to use that telephone number again. We will not publish voice-mail service numbers in personal ads. Don't forget to include your area code.

**What else?** Put anything you want in your ad, except references to minors, animals, prostitution, or drugs.

Expect about a 60-day delay from the time we receive your ad to when it appears in print. Remember, it takes time for people to respond too. So, for example, if you're looking for Christmas presents, it would be smart to send us the ad at least 120 days before Christmas. Also remember replies by international mail may take longer than domestic mail.

**HOW TO REPLY TO A DEAR SIR AD:**

How to reply to a *Drummer* box number: Answering a *Drummer* box number is easy, but the few rules we have are hard and fast, so observe them or else. 1) Seal your letter in an envelope on which you have written the box number on the back flap in pencil. 2) Put your return address on the envelope if you wish the letter returned to you should there be some problem with delivery. 3) Put the proper postage on the envelope: domestic postage is 29 cents for the first ounce, and 23 cents for each additional ounce. Letters going to Canada and Mexico cost 40 cents for the first ounce, 23 cents for each additional ounce. Foreign overseas postage is 50 cents for the first half-ounce, 45 cents for the second half-ounce, and 39 cents for each additional half-ounce. 4) Put the sealed letter(s) and a buck (\$1) forwarding fee for each letter in another envelope, and mail it to: DESMODUS, INC., P.O. Box 410390, San Francisco, CA 94141-0390. Letters not properly prepared will be destroyed.

Desmodus will forward responses to ads in back issues. However, we cannot guarantee that old addresses will still be valid. Remember, the US Postal Service can not return undelivered mail without your return address. Keep in mind that people do move, and their needs and desires do change.

**JOIN THE LEATHER FRATERNITY**

Membership has its privileges: a 12-issue subscription to *Drummer* and a free 10-line classified ad (as measured on the grid order form) in *Drummer* that runs for 12 issues. Leather Fraternity members also do not pay for a box number or pay forwarding fees when they write to Dear Sir box numbers. Members may change their ads up to three times (non-members may not). A Leather Fraternity box number for your ad is included in the \$120 membership fee. And, from time to time, Leather Fraternity members are offered other benefits.

Add it up: A *Drummer* subscription costs \$70. A 10-line personal ad running 12 times would cost \$354. No mail forwarding fee? No box fee? So, even if you never use the forwarding service, you're saving at least \$328.00 by joining the Leather Fraternity. Do it.

Just use the grid order form on the facing page. Your subscription will begin with the next issue we ship, and your ad will begin usually two issues after that (there is always a 60-day delay from the time we receive your ad, or a change to an ad, and when it appears in print).

From the moment the penis gag is forced into Kyle's mouth, the action is very real and very rough. Tit torture, whips, hot wax, forced fellatio—Rick has a seemingly unlimited capacity for amusement. And when Rick leaves the house, he invites his friend Justin Young to stop by and use the new sex toy! And the action continues...

A tattoo parlor, an abandoned basement and a men's room. Foul-mouthed tops and the bottoms who crave degradation. Boots, filthy socks, dirty 501s and beer guts. Thick, pierced cocks and hard, ringed tits. And tattoos - lots of 'em, including one we filmed as it was being applied. Sweat. Grime. Spit. Sucking, licking, slapping and whipping. Golden showers. Clothespins biting into flesh. Bondage, hoods, beer, gear and mirrors. It's not kid stuff. It's not pretty. But you won't ever forget Jack Stone's TATTOO... \$54

## ELASTRATOR / THE ULTIMATE IN TIT PLAY

SSCo special purchase, originally used by livestock breeders to castrate animals. Use the specially designed pliers to place the rings on the nipples. As the rubber rings squeeze, the nipples enlarge (the same way a cockring increases erection) greatly increasing the sensation for the wearer. Once the rings are removed, the blood rushes back into the nipples—that is the time to work them. Set includes Elastrator, special scissors for safe removal and 100 rings.
